

Name _____

Viperwolf

Episode 4 Worksheet

1. What color is the number 3?
2. Is it possible to actively change your perception of the color of the number 3 from a remote location? If so explain.
3. Where is Pete Thursday at 1:30 pm, even though such a time is arbitrary and does not really exist? Use the space below to sketch your remote view:
4. Magnets. How the fuck do they work?
5. Do you want more life, or more time? Is there a difference?
